

FIRST AID - UNREGULATED

Emergency First Aid at Work & Forestry First Aid + F

This course is ideal for individuals working in the outdoors, providing Emergency First Aid skills as well environment-specific skills. The course provides the skills to keep someone alive until the ambulance arrives including airway management and cardiopulmonary resuscitation. In addition, the courses looks at the effects of temperature, catastrophic bleeds and Lyme disease.

This course meets the Health and Safety Executive's requirements for one or more emergency first aiders in the workplace and meets the requirement of Forestry Commissions' policy.

INTENDED AUDIENCE

This course is suitable for individuals appointed as emergency first aiders in the workplace.

- ➔ Tree surgeons
- ➔ Individuals working remote environment

CANDIDATE NEEDS

This course is open to all. If there are any learning or physical needs, these should be notified in advance of the course to see what reasonable adjustments we can make.

LOCATION

We deliver the training course at a venue of your choosing. This can be a training room at your offices or a hired venue to give candidates space away from work. The location will require:

- ✓ Room big enough for up to 12 people to sit in a horse shoe with access to tables for assessments
- ✓ Projector and screen with computer connection, but we can arrange to provide this.
